## DISGRUNTLED BOURBONS TALK ABOUT RECALL

Delay in Distribution of Plums Brings Down Wrath of Politicians

Disgruntled Democrats, impatient over the delay in the distribution of local patronage, are beginning to "agitate" openly. They are planning to hold a Democratic mass meeting to "agitate" the recall of Governor Pinkham.

This became known yesterday afternoon when the names of several fairly well-known Democrats were heard as leaders in the movement. So far, it was learned, no date has been set for the meeting. Manuel Olson, a former city and county detective, who achieved some unpleasant notoriety in the recent hearing of the John R. Kellett case before the civil service commission, made an effort to assemble the Democrats at a mass meeting last Saturday night, but his party-men did not co-operate with him and so the meeting failed to materialize.

But the present movement is headed by Democrats "higher up." C. D. Pringle, aspirant for collectorship of internal revenue, is said, on good authority, to be one of the leading "agitators" for the meeting. He refused to admit it yesterday afternoon; he said something about the discussion of the subject being premature. M. C. Pacheco, chairman of the territorial central committee, is known to be opposed to the meeting, at this time at least, and he is credited with being the one who has held back the Pringle sympathizers.

Pacheco says he wishes to give the governor all the time he wants. He admits that he is not pleased with the delay; but he says that by giving the chief executive all the time he wishes the local Democrats will be in a better position. Then if they are displeased with his appointments, he says, their complaints will have all the more weight, and the point cannot be raised against them that by pressing the governor for immediate appointments he acted without proper consideration.

So, according to some Democrats who profess to know, Pacheco is in a position where he can give the signal at any time for the mass meeting. And he says he will not give the signal until the governor has had all the time he wants to make his appointments.

According to a rumor emanating from Democratic circles, the leaders in the mass meeting movement, in addition to Pringle, are Robert Cathcart and Robert Levy. Cathcart is the chief clerk of the roads department of the city and county; Levy is a hack-driver. Cathcart denied emphatically this morning that he has had or will have any part in such a meeting.

Get a 10-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken—advertisement.

## NEW APPLICANTS FOR JOB VACATED BY MOTT-SMITH

A. A. Wilder will not be given the endorsement of the territorial Democratic central committee, according to M. C. Pacheco, chairman. At a meeting last night of the committee it was decided informally not to recommend the name of Judge Wilder to Governor Pinkham for appointment to the position of chairman and member of the public utilities commission, a place made vacant by the resignation of E. A. Mott-Smith, says Pacheco.

A special meeting of the territorial committee will be held Friday evening when names of the several aspirants for the position will be considered, and endorsed or refused endorsement. New names of candidates were heard last night. It became known that O. T. Shipman of Hilo is after the office, and also that Robert Munch, a civil engineer and surveyor of Honolulu, is out for it.

This brings the total of candidates whose names have become known to five, the other three being A. A. Wilder, H. Gooding Field and R. R. Reidford. According to a rumor this morning Field is favored strongly by the governor. A statement was made by a member of the territorial committee this morning that if pressure is not brought to bear on the governor he will appoint Field to the office.

While the same committeeman admitted that Field is an excellent statistical expert and invaluable in investigations requiring that type of work, he said he should not be made chairman of the utilities commission, as that office should be filled by one with a sound legal knowledge.

A meeting of Honolulu Lodge 409, F. & A. M., will be held in the Masonic Temple at 7:30 o'clock this evening. There will be work in the second degree.

## SUGAR INDUSTRY HERE UNCERTAIN, DECLARES COAST FINANCIAL MAN

During the past week a number of Hawaiian sugar plantations, not previously reporting, have published their annual statements, says Charles Remington in the S. F. Chronicle. They do not change the general situation with respect to this industry. The opinion is expressed in some of them that a continuance of dividends at a reduced rate will be possible, but most of them are pervaded with a tone of pessimism. From present indications the future of this Hawaiian industry must be regarded as uncertain for all the plantations and disastrous from some.

## BOURKE ARMED WHEN ARRESTED ON COMPLAINT OF MISS SUSIE PODESTO

Patrick Bourke was arrested last night by Detectives McQuade and King and Patrolman Barnett upon the complaint of Susie Podesto, a Hawaiian. Miss Podesto asserts that Bourke threatened to kill her unless she accepted his attentions, and left her apartments at 902 Eddy street, with the avowed intention of purchasing a revolver, with which to carry out his threat. She notified the Bush-street police station and the arrest followed. Bourke, when searched, had in his pocket a revolver and a quantity of cartridges and was charged with threat to commit murder.—S. F. Examiner, March 12.
